Remit

To oversee the implementation of the Sustainability strand of the University's Strategic Plan and to provide an annual update to Council.

To bring together the different interests of the University in this area across research, teaching, enterprise and operations and to identify synergies and actions to ensure closer working where appropriate.

To ensure that appropriate standing groups and "task and finish" groups exist and are resourced to ensure that the University's strategy can be implemented.

To advise on priorities and resourcing in this area.
